

The Schwab 2 Hour Rated File

The Schwab Underwriters Laboratories, Inc. Class 350-2 Hour Fire and Impact Rated Vertical file is ***the only 2 hour rated fire file on the market that features individually insulated inner steel drawer liners*** that encapsulate and protect each drawer as a separate fire resistant unit.

The ***steel inner liner feature*** - unique to Schwab fire files, halts the spread of fire throughout the file as well as protects vital records from dust, moisture, mold and other contaminants.

Applications:

Typically the average office fire reaches temperatures of 800°F for about 20 minutes until all “fuel” is consumed. The newly released **Schwab 2 Hour Fire and Impact Rated Vertical File** offers maximum protection for applications where our standard 1 hour rated file may suffice, but due to environmental factors, additional protection may be warranted.

SCHWAB®

Series 5000 UL-2 HOUR FIRE & IMPACT RATED Vertical Files

2 Hour Fire, Impact and Explosion Rating

The Schwab Series 5000 vertical file has met Underwriters' Laboratories stringent requirements for the classification of 'Record Protection Equipment'. This includes a test for fire-resistance in external temperatures exceeding 1850°F for two hours, a 2000°F explosion hazard test as well as a test to withstand the impact of a 30 ft. drop.

Insulation

Only Schwab's premium Insulite™ insulating composite material, in conjunction with superior manufacturing processes provides unparalleled protection against fire. Insulite, which is poured into the cavity between the steel outer wrapper, and the individual inner steel drawer jackets enables the Schwab design to maintain the same protection with less weight and wall thickness than competing brands.

Drawer Suspensions

Suspensions are sturdy and free-rolling, encased by a supportive outer track. This rugged suspension cradles each drawer allowing for smooth operation over the life of the file.

Drawer Bodies

Each Schwab vertical drawer body allows for the flexibility of accommodating A-2, Folio, Letter, or Legal Filing, without the necessity or expense of additional parts or accessories.

Drawer Heads

Drawer Heads are formed out of a single piece of steel, interlocked and welded at the corners, then poured with our premium Insulite™ insulation. The

Schwab design, with interlocking drawer joints where the drawer head, the outer wrapper and the steel inner drawer vault meet, provides unsurpassed protection from fire.

Lock/No Lock Mechanism

This convenient mechanism allows the user to enable a drawer to stay unlocked while other drawers remain locked.

Recessed Handles

Only Schwab's recessed handle design provides easily viewed angled label holders without sacrificing fire resistance, or requiring additional clearance for the front of the file.

Colors

Schwab's six standard colors have been carefully chosen to meet the discriminating tastes of the world's top designers and decorators:

Tan
Sand
Putty
Black
Gray
Light Gray

They can also be made available in a special color that you specify.

Finish

The Schwab smooth, glossy finish gives the Schwab file a scratch, scuff and stain resistant surface, similar to that found on an upscale automobile.

Lifetime Warranty

Schwab warrants that it will repair or replace any file part manufactured by Schwab that fails in normal use as a result of defects in materials or workmanship

free of charge for as long as the original registered purchaser owns the file.

Lifetime Free After-the-Fire Replacement Warranty

In the event this file is damaged by fire while in the possession of the original purchaser as shown on the warranty registration card, Schwab warrants that it will replace the file free of charge.

Customer Service and Support

We want to talk to you. At Schwab, we still value the importance of person-to-person contact. From placing your order, to competitive delivery pricing, to calling for technical support, at Schwab Corp. there will always be a person on the other end of the phone. Just another way Schwab Corp. provides the best quality, delivery and support in the industry.

Look for the UL Mark of Safety on our products.
